International Press Release for Mercury´s Memorial 2015:

The Spanish Glam Rock Band "UNRISEN QUEEN" has been announced to Headline the International Homage to British Rock Star called "THE OFFICIAL FREDDIE MERCURY BIRTHDAY PARTY", in Montreux (Switzerland) where the singer recorded most of his hits and lived the last years of his life.

By Request and Demand of fans Unrisen Queen has been confirmed by QUEEN PRODUCTIONS LTD as the live act to help celebrate the event on September 5th 2015 at the Casino Barriere. The Spanish band has, as lot of Queen Fans worldwide said, the most similar voice than Mercury ever, and a different show trying to NO IMITATE the Queen Shows.

"Why do you need to see a singer with the same clothes and mustache than Freddie? We try to be faithful with sounds and vocals... with a different kind of audiovisual show... finally, these are the most important things for us..." said Pasku Frutos (guitarist).

UNRISEN QUEEN are:

Ruben Sabater (lead vocals)
Chema Casanova (Piano)
Pasku Frutos (Guitars)
Chimi (Drums)
Vicen Caracia (Bass Guitars)

The intention of this event is to collect funds for the FIGHT AGAINST AIDS, promoted by the foundation "MERCURY PHOENIX TRUST" founded after the lost of Mercury.

The concert will be celebrated at the Casino Barriere, beside the Geneva Lake. A fantastic place joined to Queen and many bands like Led Zeppelin, Pink Floyd, David Bowie... and inspiration for the song "Smoke on the Water" of Deep Purple, after the fire accident in 1971... in a Frank Zappa concert.
